

The Hopkinsville Kentuckian.

VOL. XXVII.

HOPKINSVILLE, KENTUCKY, THURSDAY, NOVEMBER 9, 1905.

NO. 134.

CHRISTIAN COUNTY IS REDEEMED AT LAST.

RING RULE IS ROUTED.

Majority of the Democratic Candidates Are Safely Elected.

FOUR RINGSTERS GET IN.

Many Republicans Voted For the Reform Ticket and Helped to Win.

The county election is so close that some of the contests must be determined by the official count. The

SHERIFF DAVID SMITH.

Democrats have elected the following officers by small but safe majorities:

Frank Rives, senator, 61 majority
W. H. Southall, Repre., 25
Jno. C. Duffy, Attorney, 1
David Smith, Sheriff, 5
H. P. Rives, Surveyor, no opposition.

The Republicans elected the following:

Jas. Breathitt, Judge, 157 majority.
G. C. Campbell, Clerk, 206
W. W. Johnson, Jailer, 123
H. C. Healey, Assessor, 5
W. E. Gray, Supt., no opposition.

Frank Rives for Senator has 500 or 600 in Hopkins county and his majority is an old-time landslide.

The Republican candidates who won owe their election to the fraudulent registration and to the fact that at least 50 Democrats were deprived of their votes at Hopkinsville No. 3, where there were six poll books to operate in the county and ward races

HOPKINSVILLE IS DEMOCRATIC.

Gives 200 Majority For the County Ticket in Heavy Vote.

INDEPENDENTS BEATEN.

Every Democrat For Councilman Wins His Fight.

In the city the Democrats elected all of their nominees by majorities ranging from 6 to 57. The new council will stand as follows:

1st Ward—J. M. Clark, D. Maj.
2d Ward—J. D. Ware, D. 44
3d Ward—J. K. Twyman, D. 6
4th Ward—L. H. Davis, D. 20
5th Ward—F. W. Glass, R. no oppos'n
6th Ward—J. E. Jackson, D. 11
7th Ward—E. H. Armstrong, D. 11

The Democrats had independent opposition in four wards, where the vote was as follows:

First Ward—J. M. Clark, D. 101;
C. P. Nolen, Ind., 44.

Second Ward—J. D. Ware, D. 85;
J. W. Richards, Ind., 46.

Third Ward—J. K. Twyman, D.,
127; J. S. Fritz, Ind., 121.

Fourth Ward—L. H. Davis, D. 75;
J. H. Cate, Ind., 55.

Election Elsewhere.

In Louisville fourth, Democrat was elected Mayor over O'Neal, Fusion, by 3,488 majority. The Democrats lost only two legislative districts.

SENATOR FRANK RIVES.

John Letterle, who has been in the House for 20 years, was defeated. Emmett Slattery was the other Democrat who lost. In the city there were many fights, but no lives were lost.

In the General Assembly the House will probably have 68 Democrats, 20 Republicans and 12 are in doubt. In the Senate 28 Democrats, 8 Republicans and 2 doubtful. The administration forces will easily control the Legislature and Senator Blackburn appears to be defeated.

Indication are that both Pennsylvania and Ohio have gone Democratic. In Ohio it seems that Pattison, Dem., has defeated Herrick, Rep., for Governor. In Pennsylvania the State Treasurer headed the State ticket and W. H. Berry, Dem., is elected.

Mayor Geo. B. McClellan, Democrat, was re-elected in New York by 3,000 majority over Hearst, and W. T. Jerome was elected district attorney.

The Republicans made a clean sweep in Chicago by 20,000. The Mayor was not to be elected this year.

J. N. Adams, Democrat, carried Buffalo, for Mayor, by 8,561 majority.

Tom L. Johnson was re-elected Mayor of Cleveland.

The Democrats elected a Mayor in Evansville by 2,560.

JNO. C. DUFFY, COUNTY ATTORNEY.

and nearly 475 votes to poll. At 4 o'clock 15 men were in line who failed to get in. This is the heaviest Democratic precinct in the county. The vote is so close in the races for county attorney and assessor that it will take the official count to settle it and it is not unlikely that several contests will grow out of the results. Some grave irregularities in large Republican precincts are reported and some criminal prosecutions are likely to grow out of the methods resorted to by the ring in their desperate efforts to stem the tide against them.

The defeat of Judge Canaler is one of the bitterest regrets of the election. He made a gallant fight and deserved the vote of ever Democrat. As it was he ran ahead of two of the regular Democrats, although Judge Breathitt was one of the few men who gave strength to the Republican ticket and lacked only a few votes of leading it.

PET AND HOODOO NUMBERS

Men Have Likings and Aversions for Certain Digits They See in Coming and Going.

Many people have favorite numbers. One man who does much traveling likes 5 above all others. Every time his train stops at a station he looks out eagerly to see if there is a freight car or box about bearing a number with the digit 5 in it. If the 5 happens to be the last figure in the number, he is particularly pleased and should the number be made up entirely of 5's his happiness lasts for days at a time. Whenever he sees one of his favorite numbers out of the window he timidly closes his eyes for fear that the next number will contain no 5's.

Another man who has a chronic case of malarial fever is distressed for weeks after he sees a No. 13 or a number the sum of whose digits is 13. The pain of 49, 87, 85, 139, 148, 157, 166, 175 is just as great as that of plain 13, and, going by familiar houses on the street cars, he learns not to look up at them if they bear figures that bring gloomy 13 into his mind.

This mathematician is as eager to find certain kinds of figures as he is anxious to avoid certain others. Any number the sum of whose digits can be evenly divided by the number of those digits will give him not a little pleasure. For instance, 345 will send a thrill of delight through the amateur mathematician. The sum of the digits is 12, and that divided by the number of digits, 3, leaves the even number 4.

Of course, the larger the number the less chance there is for success in the little game, and therefore, the serious-minded man who plays it avoids so far as possible long streets where there are many digits. If he must travel along such a route he takes a look at several numbers out of the corner of his eye, and after he has found one that satisfies the test he follows the custom of the out-of-town freight car enumerator and tries

Because Buck's Hot Blast will produce as much heat and as satisfactory a fire in every way, by using the cheapest dollar and a quarter coal, slack or screenings, as other heaters in which you must use high grade soft coal or hard coal. We do not guarantee situations to prospective students in order to attract patronage. Schools of merit do not resort to such dishonest practices. Fake schools "guarantee" situations in order to secure students, because they have no other inducements to offer. Our work is so thorough that a guarantee is superfluous. Business men are so wise that they get acquainted with the school before they graduate. See us before making arrangements for your business and shorthand education at some inferior fake school. We will take pleasure in telling you all about the possibilities in the "position guarantee" of distinguished graduates.

RENSHAW & ARMSTRONG.

AT SACRED FUJIYAMA

THIS MOUNTAIN BELOVED BY
WHOLE JAPANESE NATION.

Annual Pilgrimages Made Thereby
—Wonderful View from Top—
Rises Twelve Thousand Feet
from the Plain.

Mr. G. Waldo Browne, in his book "Japan; the Place and the People," writes of Fujiyama, the peerless mountain, as follows: "Seen from the distant ocean, its truncated crest, wrapped in a robe of snow for three-fourths of the time, looks like a pink and white pillar rising abruptly from the immeasureable deep. The first land view defines it, some 50 miles away, as a lonely sentinel in white, the pinnacle of more than 10 square miles of country, every foot of which has helped to rear this gigantic monarch. Seen in the clear light of morning, a mystic halo seems to encircle it, from which it bursts forth like jewel of purest lustre set in an opaline sky. Under this effect, it is easy to accept the poetical signification of its name. . . . The voice of ages says that this vast mountain was builded in a single night, and the earth and substance taken to rear its majestic form were taken from that hollow in the ground, 300 miles distant, which is now filled with the water of Lake Biwa. In the light of modern knowledge, this does not seem to be altogether impossible or improbable. Within a comparatively short time, that mighty protuberance which breaks the steady rise of the eastern slope of Mishima, has been lifted bodily from a depression in the mountain's lower regions. If it is now inactive, one need not go far to find ample evidence of the terrific upheavals of earth, ashes and molten masses, which are veiled but not concealed by the thin growth of vegetables creeping over Fujiyama's broad, pumice-covered slopes. When Vesuvius is in Naples, Kilauwa to Hawaii, Shasta to California, Hecia to Iceland, Fujiyama is to Japan. It is a source of national pride, of majestic grandeur, of fear but half concealed, haste, he gave it the softness of conch nature created this mountain in four, plicity of aspect and tenderness of verdure so common to Japanese volcanoes. . . . Pilgrimages to the summit of Fujiyama are made with all the religious ardor of similar journeys in India to the holy shrine of Mecca. More than 10,000 pious pilgrims, clothed in spotless white garments, with enormous hats on their heads, and long, stout staves in their hands, annually wind their way slowly upward toward the lofty crater of this sacred mountain, as if bound to an in-

cess-burning altar. Aside from the reverential feeling which naturally urges on the visitor to the peerless mountain, it affords one of the noblest and most magnificent sights that can be taken in the Sunrise land. Rising over 12,000 feet from the plain at one sweep, the view from the top is the broadest one found in all Japan. Not many years since, the entire distance from any point had to be made on foot, or seated in the mountain chair borne by four of the strongest coolies. Now a three-hour ride by rail from Yokohama takes one to the village of Gotemba, at the foot of the mountain. If the tourist is ambitious, he had better complete the journey on foot. Despite his extra exertions he will find this preferable to being carried, cramped up like a jack-in-the-box in a kago, or that more pretentious but scarcely more comfortable eastern palanquin, the norimon. Above the far lands, which reach upward to a height of over 1,600 feet, is a wide belt of grassy moorland; then a glade of forest, stopping at 6,000 feet, succeeds. Above this band of greened hills the vegetation gradually becomes sparse and stich in appearance, until finally the ancient pines wind in and out of rocky ravines around or over bare patches of volcanic deposits. The hazy-bearers go no further than the upper rim of the forest, so that all climbers are then obliged to walk."

President Roosevelt has issued his usual proclamation designating Thursday Nov. 30 as Thanksgiving Day. Mayor Powell, of Henderson, has designated Nov. 23, so that city will have two thanksgiving days. But Henderson is a good town and has much to be thankful for.

He'd Gotten It.

A famous Irish lawyer, who was always poor despite his success at the bar, once took Chief Justice White aside to see his new house in Dublin. It was palatial and magnificently furnished. "Don't you think," he said, with a complacent look about him, "that I deserve great credit for this?" "Yes," the judge answered, dryly, "and you appear to have got it."

Todd went Democratic by 300.

New Jersey and Maryland both went Republican.

Rhode Island elected Uter, Republican, Governor by 1,000.

Massachusetts elected a Republican Governor. The race for Lieutenant Governor is very close.

The official canvass will be made Friday by the election commission, Sheriff L. R. Davis, J. M. Starling and J. B. Chilton.

Hopkins county went Democratic by 600 or more. The Independent Democratic ticket in Madisonville, championed by anti-Brawley faction, was elected.

The county elections everywhere shows Democratic gains and many Republican counties have been redeemed, besides Christian.

The Lexington chapter U. D. C. has sent to the proprietor of the Lexington opera-house a protest against the presentation of "Uncle Tom's Cabin" in his house.

The Democrats and anti-Republican, fighting shoulder to shoulder, have redeemed Christian county from the rule of the worst kind. It is true some of the Republicans pulled through by close votes, but they are the new men on the ticket, put on to catch votes. Not one of the old gang gets in. Some of the races are close, but the majority will do. Duffy's one vote is not as large a majority as Dave Smith's, 45 but it will count for just as much. It is the same majority that carried the elder Prowse into office 15 years ago. There will be no more ring rule in Christian county for some time to come.

Five Magistrates.

Democrats elect five Magistrates, J. M. Morris, W. L. Parker, Walton Garrett, J. F. Dixon and A. J. Estes. The Republicans, from present indications, elected three, Henry Moore, col., J. W. Rogers and H. B. Clark. The figures on the constables are not obtainable.

The vote on the constitutional amendment is incomplete, but will be close.

NEW LINES.

Several Feeders for L. & N. in Process of Construction.

Several feeders are in process of construction of Kentucky and Alabama for the Louisville and Nashville. A line between Knoxville and Etowah, Tenn., is completely rebuilt. Officials of the company have incorporated the Pine Mountain railroad, to build from a point on the Louisville and Nashville near Williamsburg along the Cumberland river to a point forty miles away on the Cumberland Valley division. Surveys are reported in progress for an extension of the North Fork branch in Kentucky into the Crab Orchard coal fields. In Alabama a thirteen-mile extension will be made into sources of coal traffic not far from Birmingham.

NO FRANCHISE

Has Cumberland Company in Springfield, Tenn.

From a special from Springfield, Tenn., it is learned that Springfield is experiencing the same trouble that Paducah is having with the Cumberland Telephone company. The council at Springfield has held that the Cumberland company has no franchise there and is operating against the rights of the city.

The Home Telephone company of Springfield, Tenn., which is owned by E. L. Barber & Company, of the Paducah Home telephone company has just won a victory over the Cumberland company. The Springfield special says:

Decisive victory for the Home Telephone company in its struggle with the Cumberland Telephone company was a result of a vote of the city council tonight, when that body decided unanimously not to interfere with the franchise granted to the Home company about one year ago to do business in Springfield.

For some time petitions have been circulated asking the city council to declare the franchise of the Home company forfeited because of failure to take advantage of the rights granted within a reasonable time. The petitions also declared two companies unnecessary, and that another system would cause many inconveniences and expenses to the patrons of the telephone. Such petitions were circulated, it is alleged, in behalf of the Cumberland company.

The city council, by its action, held that a reasonable time in which to begin building had not expired, and the Home company may proceed to comply with the terms with the support of the town authorities. The company now has its poles here, preparatory to erecting lines, and will begin work at once. E. L. Barber and A. L. Tetu, the men at the head of the Nashville Home Telephone company, are behind the petitions, and the opening of an office will give Springfield independent telephone communication with a number of other places, where allied independent companies have lines.

The claim is made that the Cumberland Telephone company has never been granted a franchise in Springfield, and has no right to run its lines over the streets.—News-Democrat.

Cleared for Action.

When the body is cleared for action, by Dr. King's New Life Pills, you can tell it by the bloom of health on the cheeks; the brightness of the eyes; the firmness of the flesh and muscles; the buoyancy of the mind. Try them. At R. C. Hardwick's drug store. 25c.

Binns—Nance.

DUAL SERVICE.

Shall We Have Two Telephones or Give the Present One a Monopoly.

Much talk has been indulged in during the past week as to dual telephone systems in our city. There seems to be a fight on, the result of which will be known tonight after the City Council meets.

In our opinion the Home Telephone Company who is knocking at our door for admittance is entitled to enter our city and do business with our citizens than any other company. The telephone company operating here today is doing so without a franchise, never having been permitted by authority of the council to put its poles and string its wires, still they are contending for a right which they have not.

If the Cumberland Telephone and Telegraph Company desires to exclude competition they should be regularly granted a franchise by our city and that franchise today is worth something to them and should be paid for. They are not paying into our coffers any privilege tax because it was impossible to get a bill through the last Legislature compelling them to pay a privilege. The only money paid is an ad valorem tax amounting to 8 cents. They contend that the competition will not hurt them but will be a double expense to the telephone patrons. Such talk as a corporation looking after the savings of this community from a monetary standpoint and its utter folly and a secondary matter with them. While we are not waging war upon the Cumberland people we believe that in competition a better service would be maintained by both companies at very little more cost on the part of the subscribers. It is claimed that it will cost double what we are paying today. If the Home Company will give connections over this county for residence telephones at a lower rate, then the Cumberland will be compelled to meet their price or lose the subscribers and if they reduce to meet the Home rate and the subscribers desire two 'phones the cost will only be a few cents more than we are paying today for the Cumberland and will reach more people and give us better and quicker service from both exchanges. The Home Telephone Co., if they are allowed to come in will expend from 30 to 40 thousand dollars which will give employment to our people and increase the ad valorem taxes of our city.

We may be wrong, but we are in favor of opening the doors and letting all who will enter in. If we do not we have no assurance from the present company never to raise the rates and they can do so or not at will.—Robertson County, Tenn., News.

The Cumberland Telephone Company, according to a statement made before the Legislative Committee last winter, doesn't fight opposition. But the opposition company which is building lines toward Nashville and incidentally asking certain privileges in Pulaski, Springfield and other nearby towns, has some doubts about the accuracy of the statement.—Nashville American.

Saved by Dynamite.

Sometimes a flaming city is saved by dynamiting a space that the fire can't cross. Sometimes a cough hangs on so long you feel as if nothing but dynamite would cure it. Z. T. Gray, of Calhoun, Ga., writes: "My wife had a very aggravated cough, which kept her awake nights. Two physicians could not help her; so she took Dr. King's New Discovery for Consumption, Coughs and Colds, which eased her cough, gave her sleep and finally cured her." Strictly scientific cure for bronchitis and a gripe. At R. C. Hardwick's drug store; price 50c and \$1.00; guarantee. Trial bottle free.

Many Persons Have Catarrh of Kidneys, Or Catarrh of Bladder and Don't Know It.

President Newhof and War Correspondent Richards Were Promptly Cured By Peruna.

Mr. C. B. Newhof, 10 Delaware street, Albany, N. Y., President Metropolitan Club, writes:

"Since my advanced age I find that I have been frequently troubled with urinary ailments. The bladder seemed irritated, and my physician said that it was catarrh caused by a protracted cold which would be difficult to overcome on account of my advanced years. I took Peruna, hardly daring to believe that I would be helped, but I found to my relief that I soon began to mend. The irritation gradually subsided and the urinary difficulties passed away. I have enjoyed excellent health now for the past seven months. I enjoy my meals, sleep soundly, and am as well as I was twenty years ago. I give all praise to Peruna."—C. B. Newhof.

Suffered From Catarrh of Kidneys, Threatened With Nervous Collapse.

Cured By Peruna.

Mr. F. B. Richards, 600 E. Street, N. W., Washington, D. C., War Correspondent, writes: "Exactly six years ago I was ordered to Cuba as a staff correspondent of the New York Sun. I was in charge of a Sun Dispatch boat through the Spanish American War. The effect of the tropical climate and the nervous strain showed plainly on my return to the states. Lassitude, depression to the verge of melancholia, and incessant kidney trouble made me practically an invalid. This undesirable condition continued, despite the best of treatment. Finally a brother newspaper man, who like myself had served in the war, induced me to give a faithful trial to Peruna. I did so. In a short time the lassitude left me, my kidneys resumed healthy condition, and my complete cure was effected. I cannot too strongly recommend Peruna to those suffering with kidney trouble. To-day I am able to work as hard as at any time in my life, and the examiner for a leading insurance company pronounced me as 'A risk.'"

In Poor Health Over Four Years.

Peruna Only Remedy of Real Benefit.

Mr. John Nimmo, 215 Lippincott St., Toronto, Can., a prominent merchant of that city and also a member of the Manitoba legislature, writes:

"I have been in poor health generally for over four years. When I caught a bad cold last winter it settled in the bladder and kidneys, causing serious trouble. I took two greatly advertised

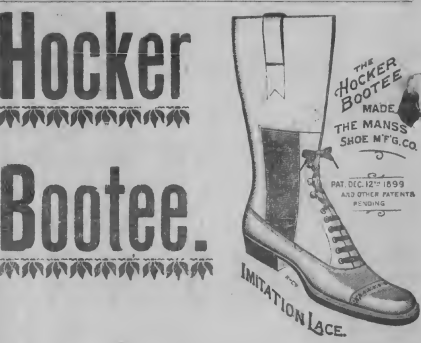

PRES. C. B. NEWHOF, Suffered From Catarrh of Bladder.

kidney remedies without getting the desired results. Peruna is the only remedy which was really of any benefit to me. I have not had a trace of kidney trouble nor a cold in my system.

Peruna Contains No Narcotics.

One reason why Peruna has found permanent use in so many homes is that it contains no narcotics of any kind. Peruna is perfectly harmless. It can be used any length of time without acquiring a drug habit. Peruna does not produce temporary results. It is permanent in its effect.

It has no bad effect upon the system, and gradually eliminates catarrh by removing the cause of catarrh. There are a multitude of homes where Peruna has been used off and on for twenty years. Such a thing could not be possible if Peruna contained any drugs of a narcotic nature.

It is conceded by our customers that the Hocker Bootee, as it is made to-day, is the best combination shoe and bootee that is made. The fact that each season records larger sales, justifies us in the belief that they are as near perfect as a high-class combination shoe can be made. We,

Woman Gets \$15,000 for the Killing of Her Husband.

Paducah, Ky., Nov. 6.—The jury in the suit of Mrs. Pink Head against Cheatum Hodge for \$20,000 for the death of her husband this morning brought in a verdict for \$15,000. The case had been on trial for nearly a week. Mrs. Head lives in Hickman county. Hodge recently moved here from there.

Mrs. Head alleged that Hodge attempted to kill her husband once, and by mistake, killed his own brother, Robert Hodge. Hodge and his brother were alleged to have taken a chicken near Head's home and made it "squawk," intending to kill Head when he came out to see who was in his hen-house. The chicken escaped, and Robert Hodge started in pursuit, chased it in a circle, and when he came near his brother he was shot through mistake, the brother being exonerated on a plea of accident. Mrs. Head alleged that, a short time after that, Cheatum Hodge threatened to kill her husband, and it was not long until her husband, Pink Head, was assassinated while in his yard. There has never been any criminal prosecution against Hodge. The original trouble between the two men is said to have been the burning of Hodge's barn, which he is alleged to have blamed on Head.

HEAD BLOWN OFF.

Well Known Farmer Kills Himself With Shotgun.

Clarksville, Tenn., Nov. 7.—Sam J. Warfield, a prominent farmer of this county, committed suicide this morning about daylight at his home, near St. Bethlehem. He used a shotgun, and his head was almost blown from his body. He tied a string to his toe and to the trigger of a shotgun, which he placed on a chair near the bed. The muzzle of the gun was placed behind his ear and the trigger pulled with his toe. He died almost instantly. He had been despondent several days and was greatly depressed over money matters. He was about sixty years old and a brother of the Hon. C. P. Warfield and George Warfield, of this city.

Terrific Race With Death.

"Death was fast approaching," writes Ralph F. Fernandez, of Tampa, Fla., describing his fearful race with death, "as a result of liver trouble and heart disease, which had robbed me of sleep and all interest in life. I had tried many different doctors and several medicines, but got no benefit until I began to use Electric Bitters. So wonderful was their effect that in three days I felt like a new man, and today I am cured of all my troubles." Guaranteed at R. C. Hardwick's drug store. Price 50c.

GREAT GOOD EXPECTED.

Ladies May Observe Week of Prayer During the Day.

The local Gideons are forming plans for conducting a men's meetings here during the first week of January, which for years is observed generally all over the country, as well as here, as the Week of Prayer. Decisions thus far reached are that the meetings will all be held at night in the audience room of the Baptist church, that being the largest church in the city. The singing will be led by a male quartette, with piano accompaniment.

Mr. Palmer, the well known speaker, whom our people have had the pleasure of hearing, will be the speaker.

The Week of Prayer will, in all probability, be observed by the ladies during the day, though this is something to be decided later.

Mr. Palmer is one of the most powerful speakers traveling, and he has ceased drumming and is paid by the Gideons to travel altogether. He reaches many men that preachers cannot and has done a great deal of good wherever he has gone.

ROGERS-GRILEY

Recital at the Tabernacle Friday, Nov. 10.

The first attraction of the Tabernacle course will be the Rogers-Griley recital to-morrow night. This is sure to be a pronounced success, for the worth and charm of this entertainment has been proven by many seasons of practical experience. The combination long since gained a foremost position among the few standard attractions. Many years of enthusiastic effort have enabled these gentlemen to produce a program for the amusement-loving public that not only provides pleasure, but conforms to what is best in art. From the harp classic, with which Mr. Rogers opens the program, followed by a group of impersonations and original selections by Mr. Griley, the listeners are carried through a series of artistic efforts in the realm of pathos, humor and music, until the closing number leaves the audience wondering if it is really true that such a delightful evening has been given by a company of only two people. Every season finds these artists with fresh novelties and striking selections added to their extensive repertoire, so they are always able to present an entirely new program at each reappearance. Probably this has much to do with that notable fact concerning this combination of their continued reappearance on some of the strongest and most conservative courses in the United States, such as Brooklyn, Baltimore, Chicago, Cleveland, Boston, Philadelphia, Pittsburgh, Trenton, Washington, and many others. They have also appeared at scores of colleges, universities and normal schools in nearly every state in the Union. To-day they are furnishing one of the strongest, most unique and thoroughly delightful programs in this field of work.

Night Near The City.

Mr. Posey Cayce and Miss Emma G. Major were united in marriage last night. The wedding occurred at the home of the bride's mother, Mrs. Mollie Major, two miles west of the city.

The bride is a very pretty and popular young woman and is a social favorite in her neighborhood. The groom is a well known young South Christian farmer.

A Quiet Election.

Contrary to the expectations of many the election in the city passed off without differences resulting in a fight. Though it was one of the most stubbornly conducted contests for municipal office it is gratifying to know that partisans did not let their zeal for their candidates overcome their discretion. Now let everybody get down to work with the same energy for Greater Hopkinsville.

AMUSEMENTS.

Manager Ennis has secured another big musical treat, "Isle of Spice," for one night in March. B. C. Whitney will offer this most successful musical mixture at Holland's opera house on March 2, for the first time in this city. This attraction has played to crowded houses for a period of 35 weeks in Chicago, 14 weeks in Boston and 16 weeks in New York at the Majestic theater, where it could have remained for at least twice that time had it not been compelled to vacate to make room for another attraction previously booked. In the "Isle of Spice," will be found catchy music—the whistling kind—pretty, shapely, and handsome girls, magnificent scenery and electrical effects to give it a true atmosphere of an island where everything is pleasant and tuneful; the company numbers 70 people.

Mr. Theodore Kremer, one of the most popular authors, has furnished theatre-goers throughout the country with many a pleasant evening, with the numerous successful plays

that he has written. Mr. Kremer has eclipsed all previous efforts in his latest dramatic composition—"A Desperate Chance," which will be here at the opera house, next Monday night, Nov. 13. In "A Desperate Chance" the author has taken for his theme an entirely new and novel idea, showing the great hypnotic power the famous Biddle brothers had over the gentle sex. The play abounds with intense situations and holds the interest of its audience from beginning to the end.
